The Large Group Kits (Group 30 and Group 100) are intended for classrooms, birthday parties, art and craft events, carnivals, summer camps, or any other social gathering. The Group 30 Kit is designed specifically for the classroom size group, containing 30 designs and plenty of colored sand to accommodate up to 30 participants. The Group 100 Kit has 100 designs and enough colored sand to accommodate up to 100 participants. Both Kits come with a variety of colors contained in large 8-oz. shaker bottles with flip-top re-closable caps for easy, controllable pouring. Both Kits come with large, reusable "sand catcher" work trays which capture any loose grains that accumulate during coloring, making clean up simple. You may choose from many different designs in any quantity so that you are sure to please every participant in your group. Finally, these Kits are an affordable form of creative entertainment, priced at around \$1.00 per participant.
